

Sicherungsklemmen mit LED

Achtung:

Reststrom $\leq 500 \mu A$ bei unterbrochenem
Sicherungsnetz beachten!

Fuse Terminals with LED

Attention:

A residual current of $\leq 500 \mu A$ is always
present when the terminal block is energized
and the fuse has blown or has been
removed.

Blocs de jonction à fusibles avec LED

Courant résiduel pouvant atteindre
 $\leq 500 \mu A$.
